***I have had the pleasure of working with David on a professional and philanthropic basis. His work as a professional photographer is exemplary. His charitable work as a photographer to memorialize the fundraising for soldiers at our 3rd Annual New Jersey Bocce Invitational was a labor of Love. With pure determination, he rose to the occasion and provided us with wonderful photo's to publicize the packing of over 900 care-packages to our soldiers. No matter what the weather, he did not waiver.***

***When it comes to doing high end food photography David is our go to guy. He simply knows how to make a viewer salivate for food just from a photo. He knows how to capture the right perspectives and depth of interiors as well making him a great photographer for venues. He's always professional and timely. We'd definitely recommend him to others.***

Even with the time constraints and pressure, David's professional and personal touch enabled us to make the deadline for the printer. We will certainly be calling on Verdini Studios' services in the future, and highly recommend him to anyone.
